Immigration bond (ICE bond) assistance

Most people detained in the Philadelphia area are sent to Moshannon Valley, the largest ICE detention center in the Northeast (about 1,800 beds). In April 2026 more than 2,000 people were held in the state.

Before you reach out

- 01 Moshannon is more than 100 miles from free immigration lawyers. Look for a lawyer as early as possible.
- 02 Have the detainee's A-number (9 digits), the name of the detention center, and the bond amount ready.
